**Subject:** Zoning item 19th and Treadaway for Monday hearing

We sent in an opposed return regarding the zone change to HC in lieu of LI. I first of all made the mistake thinking that were asking for a more Industrial use, when in fact asking for a Commercial Zoning. So I was considering retracting our opposition. After getting more information, we found out the reason for the request was that the building had been vacant and apparently a restaurant cannot be located in the LI zoning, and thus the request to go to HC. We are not opposed to the restaurant staying a restaurant.

However, what would be more appealing to us is switching to a GC in lieu of HC for the site. We have continued to purchase land along that area and would like to see any new development be a little more appropriate to something we might build along Treadaway ourselves. We also view 18<sup>th</sup> and Treadaway as a major thoroughfare/entry point to get to our main entrance on Pine. So our preference would be a GC zoning in lieu of an HC zoning. The GC allows for the restaurant to continue, but any future potential changes on that land would be more restrictive than the HC zoning. We believe that area and south to at least 16<sup>th</sup> street should be considered GC zoning in lieu of the LI currently in place. I recognize we cannot make that occur since we do not own it, but I would think we should not miss the opportunity to "upgrade" the zoning on that east side when the opportunity presents itself. All the development in the last few years is way less industrial and we believe that should be the future for that land on the east side of Treadaway. So though we are not opposed to the restaurant, we would request consideration be given to a GC zoning in lieu of HC in light of the development in that area.

Thanks for your consideration. We plan on being at the meeting and making this request as well. It might be interesting to see if the requestor would be willing to go to a GC in lieu of HC zoning.
