

## CATERING POLICY REVIEW COMMITTEE RECOMMENDATION

No Dishes 12%

With Dishes 14%

Do an inventory every six (6) months - Loss of inventory, as well as inventory labor cost, would be billed to all caterers who used dishware during that six (6) month period - based on use percentage. Caterers failing to remit these expenses by the statement due date, will forfeit their catering privileges until expenses are paid in full.

Post a weekly list of caterers using dishware in appropriate kitchen that week.
