**Section 1101. NOTICE OF CONDITION.**

Whenever the building official determines, or has reasonable grounds to believe, that any existing building or portion thereof, is substandard, as defined in the Minimum Housing Code and/or the Building Code, he shall give written notice thereof to the owner of such building. Such notice shall specify the conditions causing such building, or portion thereof, to be substandard, shall specify the corrective measures required, shall provide a reasonable time for such corrective measures to be commenced and completed, and shall prohibit occupancy of such building, or portion thereof, until completion of such corrective measures, except as provided in Section 1102 of this code. If it is not practical to correct such conditions by repair or renovation, such notice shall order the removal or demolition of such building, or portion thereof. Such notice shall also inform the owner that he may appeal from the determination and order of the building official by filing written notice of appeal with the office of the building official within ten days after service of such notice as provided herein.

Such notice shall be deemed properly served if a copy is served to the owner personally, or if a copy thereof is sent by certified mail, return receipt requested, to the last known address of the owner of such building, as shown by the tax rolls of the city, and if a copy is posted in a conspicuous place in or about the building affected by the notice.

(Ord. No. 502, pt. 2.)

**Section 1102. OCCUPANCY.**

Upon service of notice, as provided for in Section 1101, the building official shall cause to be posted at each entrance to such building, or applicable

portion thereof, a notice to the effect that such building has been condemned and is unsafe for occupancy. Such notice shall remain posted until the required repair, renovation, demolition or removal has been completed, and it shall be unlawful to remove, destroy or deface same without the written approval of the building official. No person shall occupy such building, or applicable portion thereof, after such posting of notice until written approval therefor is given by the building official. Provided, if such building, or applicable portion thereof, is occupied at the time notice is served, the building official may allow a reasonable time for the occupants to vacate same.

(Ord. No. 502. pt. 2.)

**Section 1103. APPEAL FROM DECISION OF BUILDING OFFICIAL.**

Within ten days after service of notice has been perfected, as provided in Section 1101, any person aggrieved thereby may appeal the determination or requirements made by the building official by filing written notice of appeal in the office of the building official. If such appeal is properly filed within such ten day period, compliance with the notice of the building official shall not be required pending hearing of such appeal by the board. Provided, that in cases of emergency, where a delay would, in the opinion of the building official, result in eminent peril to life or property, compliance with the notice of the building official shall not be stayed by such appeal.

Failure to appeal within such ten day period shall make the determination and requirements of the building official final except as to any building ordered by the building official to be removed or demolished.

(Ord. No. 502. pt. 2.)

**Section 1104. FAILURE TO COMPLY WITH NOTICE.**

If (a) the corrective measures specified in the notice of substandard conditions are not commenced or completed within the times specified in such notice, or if, after commencement, such measures are not prosecuted diligently; and (b) no appeal has been perfected, as provided in Section 1103, the owner of such building shall be cited to appear before the Board of Building Standards. Such citation shall be served in the manner provided for service of notice of substandard conditions in Section 1101.

(Ord. No. 502. pt. 2.)

**Section 1105. HEARING BEFORE BOARD OF BUILDING STANDARDS.**

Upon hearing before the board, either after appeal or due to failure to comply with the notice of the building official, the board may make such order as it shall determine necessary; provided, that such order is not contrary to or inconsistent with any provisions of the Minimum Housing and/or the Building Code. The orders contained in the notice of the building official may be

modified or overruled, and the board may order the building, or applicable portion thereof, repaired, renovated, demolished or removed, or other corrective measures taken within such time limitations as it may set.

All findings and orders of the board shall be reduced to writing, and a copy thereof mailed to the owner and occupants, if any, of such building, or applicable portion thereof.  
(Ord. No. 502. pt. 2.)

**Section 1106. COSTS FOR WORK PERFORMED BY CITY.**

To secure the payment of the cost of demolition or other corrective measures, pursuant to Section 1105, there shall be a lien against the real estate in favor of the city when said removal or demolition is performed by the city; provided, that such lien shall not be established on a homestead, as defined under the constitution and the laws of this state. If the building, or portion thereof, is removed or demolished, the building official shall keep an accurate record of the demolition costs together with a record of any salvage recovered, which shall be applied against such demolition costs.

When such work or improvements have been completed, the building official shall cause a properly verified and acknowledged statement to be filed with the county clerk, showing the cost and expense of such work and the amount of money due and owing to the city, a legal description sufficient to identify the property and the name of the owner thereof, if known. From the date of filing, the amount shown by such statement to be due and owing to the city, together with ten per cent interest thereon from the date of completion of such work or improvements, shall be a privileged lien on such property, second only to tax liens and liens for street improvements. A suit may be instituted, and recovery and foreclosure of the lien for any such amount and interest may be had in the name of the city in any court having jurisdiction, and the statement of the building official provided in this section, or a certified copy of such statement, shall be prima facie proof of the amount due and owing to the city, and the substantial evidence rule, insofar as applicable, shall be applied in the trial of such cases.  
(Ord. No. 502. pt. 2.)

**Section 1107. EMERGENCIES.**

Whenever the building official finds that an emergency exists, which requires immediate action to protect the public welfare, health and safety, he may, without notice or hearing, issue an order reciting the existence of such an emergency, and requiring that such action be taken as he deems necessary to meet the emergency. Notwithstanding the provisions of the Minimum Housing Code and/or the Building Code, such order shall be effective immediately. Any person to whom such order is directed shall comply therewith immediately,

but, upon petition to the building official, shall be afforded a hearing as soon as possible. After such hearing, depending upon his finding as to whether the provision of the Minimum Housing Code and/or the Building Code have been complied with, the building official shall continue such order in effect, modify it or revoke it.
