40 ft., 50 ft. and 52 ft. wide streets (face to face of curb) paved with eight inch (8") crushed rock base on six inch (6") Lime stabilized subgrade and surfaced with one and one-half inch (1 1/2") of hot-mix asphalted surface, complete with curb and guttering.

35 ft. wide streets (face to face of curb) paved with six inch (6") crushed rock base on six inch (6") Lime stabilized subgrade and surfaced with one inch (1") of hot-mix asphalted surface, complete with curb and guttering.

Any existing curbs or gutters in place, meeting the plans and specifications hereinafter approved, or which can be utilized, if any, shall be left in place, and the property owners, subject to then existing City policies, shall be allowed corresponding credits against any assessments.

SECTION 2: That the cost of the improvements ordered above shall be paid as follows, to-wit:

(b) The City of Abilene shall pay all remaining costs of the improvements.

(c) The costs which shall be assessed against abutting owners and their property shall be assessed in accordance with what is known as the "Front Foot" Plan, in proportion to the frontage of the property of each owner to the whole frontage improved; said assessments shall be payable in full, or in monthly installments not to exceed thirty-six (36), and, in no event, shall any such monthly payment be less than Ten Dollars (\$10.00) per month. Payment in full or the first monthly installment payment shall be paid within thirty (30) days from the date of acceptance of said improvements by the Director of Public Works of the City of Abilene. Provided, that if the application of the above mentioned rule of apportionment between property owners would, in the opinion of the City Council, in particular cases, be unjust or unequal, it shall be the duty of said Council to assess and apportion said costs in such a manner as it may deem just and equitable, having in view the special benefits in enhanced value to be received by each owner of such property, the equities of owners and the adjustment of such apportionment so as to produce a substantial equality of benefits received by, and burdens imposed upon, said owners.
